

Portable Welding Table

Item No.: 361361411

Product information

An easy to assemble worktable, especially designed for hot work on board at Engine room workshop or deck. It is made of steel and fully galvanized for corrosion protection. All four legs are adjustable in length to ensure a stable work surface and they have pointed ends to ensure high friction and a good hull contact when used to arc welding. In addition, the legs may be detached and fastened under the table surface, in cases where the table is needed outside the workshop.

- ❖ Highly recommended for regular welding and cutting activities.

Features

- Legs can be detached and fastened under table
- Adjustable legs length
- Sturdy design made of steel fully galvanised
- Holding clamp

Benefits

- Easily transported and stored
- Stable work surface
- Long lasting high quality
- Able to weld on small work pieces
- Space saving
