

## Gas Cylinder Trolley (for 1 cylinder)40-50 L

**Item No.: 361361414**

### Product information

Many marine authorities require a special lifting / transport for gas cylinders. The gas cylinder trolley is designed especially for lifting and transporting 40L and 50L cylinders on board. The cylinder is easily positioned in the trolley and locked in place with three wing screws. The trolley is a strong steel construction which is fully protected against corrosion by galvanization. Also, the large rubber wheels make the transport along deck easier.

The trolley is tested and certified according to the International Labour Office for the testing and examination of lifting gear used in the loading and unloading of ships.

### Features

- Tested and certified for lifting
- Cylinder completely locked in place and secured
- Lightweight but sturdy construction fitted with rubber wheel

### Benefits

- Prevents accidents caused by cylinders falling over
- Easy and fast transportation
- Can be lifted easily

### Specification

**General:**

Invent Hazard Material (IMO/EU) classification	NA
