

## OX Quick Coupling from Hose to Hose 1/4 Inch

**Item No.: 361361328**

### Product information

Quick coupling for Oxygen hose to hose.

### Features

- Easy identification with colour coding on probe (Red for Ac/Blue for Ox)
- Lightning-fast connection and disconnection of equipment
- Simplest selection of the right body and probe

### Benefits

- Kink free hose and secure connection because of ball race lock
- No uncontrolled escape of gas when disconnected because of automatic cut off valve
- No build-up of explosive gas-mixture in the pipe line because of non-return valve

### Specification

<b>General:</b>	Invent Hazard Material (IMO/EU) classification	NA
-----------------	--	----

<b>Technical data:</b>	Dirt filter protects hose coupling and equipment
	Stainless probe with hardness of 25 Rockwell

<b>Approvals:</b>	EN 561 / ISO 7289 / BAM/ZBA/003/04
