

## U-Gas AG 60- Flux Coated Silver - 2.0mm x 500mm

Item No.: 361361621

### Product information

AG-60 is cadmium-free and may be used also where the joint is in direct contact with drinking water, foodstuffs etc. It is a flux-coated 55% silver rod for all purpose capillary brazing and it has high corrosion resistance, high electric conductivity and high tensile strength. Use with Albro flux 263 PF for yorcalbro piping, and AG-60/45 flux - 252 PF for other applications.

### Features

- Boric Acid free
- Low melting point
- Seawater resistant
- Unique chemistry give high strength
- Cadmium free

### Benefits

- Job is done faster
- Joint will not corrode away
- Less possibility for joint to fail during operation
- Safe to use, compliance with EU REACH and EU CLP regulations on boric acid

### Specification

General:	Invent Hazard Material (IMO/EU) classification	NA
