

Gas Welding Cabinet - Empty

Item No.: 361361111

Product information

New compact design with improved access to contents, and ample room for additional spares and accessories. Sturdy, corrosion resistant construction from electro-galvanized steel plates, with final coating by powder spraying and baking. The door construction provides a stable work surface for torch assembly when open and allows for mounting the cabinet in corners or narrow openings. Shelves are zinc/yellow chromate passivated for optimal corrosion and scratch resistance, with hard plastic protection surface for nozzles and blowpipes.

Features

- Sturdy and corrosion resistant
- Large storing capacity

Benefits

- Long lasting with no maintenance
- Opportunity to customise content to vessel requirements
- Easy overview and access to content

Specification

General:	Invent Hazard Material (IMO/EU) classification	NA
-----------------	--	----

Dimensions/ Weight:	Depth [mm]	300
	Height [mm]	600
	Length	600
	Weight [kg]	37.5

Technical data	Necessary free distance above cabinet	310 mm
-----------------------	---------------------------------------	--------
